GUESS MY PICTURE

Game
Rules
2-4 players

Object

Players take turns to guess which shape designs match a picture. If you are right, you win a star card. The player with the most stars is the winner!

Setup

1. Put the game board in reach of all players.
2. Mix up and stack the red star cards. Put them face down on the board where it says GUESS MY PICTURE.
3. Take 6 yellow photo cards from the front of the storage box and put them face up on the card spots.
4. Give the shape pieces to the player who is going to be the first Artist.

Let's Play!

(It's best if a grownup takes the first turn as Artist.)

1. You are the Artist!

- Tell the players to close their eyes or leave the room.
- Choose 3 of the 6 photo cards, but do not touch them or reveal which ones you've chosen.
- For each photo card you choose, use the shapes to build a picture of the photo. Build one picture within each frame.
- When you are done creating three pictures with shapes, tell the players to open their eyes or come back in the room!

2. Time to Guess!

- Start with Picture #1. Each Guesser gets ONE guess to try to identify Picture #1. The Guessers take turns, starting with the player on your left.
- If a Guesser guesses correctly, or if all guessers have made their guess, move on to the next picture.
- The Guessers take ONE star card for each correct guess they made, and the Artist takes ONE star card for each picture that was guessed correctly.
- For Picture #2 and Picture #3, Guessers take turns guessing like before, but if there is more than one Guesser, let another player guess first.

3. New Artist, Same Rules!

- Put the previous round's photo cards in the back of the storage box. The new Artist picks 6 new yellow photo cards from the front of the storage box and puts them face up on the board.
- Follow the instructions under "Let's Play!"

Game Over

After all players have a turn being the Artist, everyone counts their stars. The player with the most stars is the winner!
